ABOUT ME

As a junior frontend developer, I am highly skilled in HTML, CSS, JavaScript, and have experience with frameworks like ReactJS and Next.js. I am passionate about creating user-friendly and seemingly appealing web experiences, and I am eager to contribute my knowledge and collaborate with team to build innovative digital solutions. With a strong attention to detail, a dedication to continuous learning, and a strong ability to work well in a team, I believe I would be a valuable asset to organization.
